<b>Contact:</b>	Email <a href="mailto:h4h@handsforhope.org.au">h4h@handsforhope.org.au</a>

### Objective of WAT

This walk-a-thon is an annual fundraising event organised by H4H. It has been a tradition since 2003. All proceeds from this fundraising event are allocated to H4H Corrective Surgery Program.

Every step we take on this walk and every dollar we raise, will help a child in Vietnam to discover the possibilities of walking, moving about on their own, and overcoming the disabilities most of them have known since birth.

Hands for Hope aims to complete 100 surgery cases annually at the cost of \$300/case.

### H4H Corrective Surgery Program

**Aim:** To assist poor children in remote parts of Vietnam, who are living with physical disabilities, which take away their self-reliance and prevent them from being able to fully participate in the community around them. The program coordinates and funds the necessary surgery and rehabilitation required to correct or alleviate their disabilities.

To date H4H has completed over 1,176 surgery cases.

### Participating in H4H Walk-a-thon

1. Obtain the H4H 2018 WAT registration form and complete your personal details.
2. Use the form to show family/friends/colleagues/neighbors to get sponsor for your walk. Participant should collect the money to save following up afterwards. If someone sponsoring you requires a receipt from H4H, please ensure you obtain their full name, postal address, contact phone number and amount donated.
3. On the WAT day, bring the completed registration form together with the money.

### About Hands for Hope

Hands for Hope (H4H) is a registered non-profit charity organisation in Australia. Our aim is to provide direct support to disadvantaged children in Vietnam. H4H has projects throughout many remote regions of Vietnam. The key areas of assistance include education sponsorships and corrective surgeries. H4H members are volunteers and our projects are directly managed by these dedicated members. Hand for Hope relies on the generous public donations and proceeds from our fundraising events to continue carrying out our project activities.
